Terms of Use

Last Revised: October 14th, 2021

1. Acceptance of Terms

Please read these Terms of Use (the “Terms” or “Terms of Use”) carefully before using the Service. By using or otherwise accessing the Service, or clicking to accept or agree to these Terms where that option is made available, you (1) agree that you have read and understand these Terms (2) accept and agree to these Terms and (3) any additional terms, rules and conditions of participation issued from time-to-time. If you do not agree to the Terms, then you may not access or use the Content or Service.

MKR is a cryptographic governance token used in the Dai System and Software, which is an autonomous system of smart contracts on the Ethereum Blockchain (the “Open Source Software”), that permits, among other things, the generation of Dai. Dai is a cryptocurrency intended to maintain low-volatility against other assets. MKR token holders may use their MKR to collectively govern certain rules of use of the Open Source Software, including participation in voting over some key aspects of the Open Source Software or the MakerDAO project (the “Voting”). Any MKR token holder may participate in any Voting by independently interacting with the relevant smart contracts within the Open Source Software (the “Voting Contracts”). Some members and developers of the MakerDAO community and its Open Source Software (collectively the “MakerDAO Volunteers”) have provided you with a user interface, including the one available at <https://vote.makerdao.com> and via other tools (the “Site”) — which includes text, images, audio, code and other materials (collectively, the “Content”) and all of the features, and services provided. The Site, the Voting Contracts, and any other features, tools, materials, the Open Source Software, or other services offered from time to time are referred to here as the “Service”.

This agreement (the “Agreement”) between you and the MakerDAO Volunteers (“we”, “us”, “our”) sets out your rights to access and use of and any of the Services provided by us. Note however, that while the Voting Contracts and the Site are intended to serve as a convenient way to participate in Voting, both are experimental prototypes and the use of either of them involves a high degree of risk. There are numerous ways the Voting Contracts, the Open Source Software and Service could fail in an unexpected way, resulting in the total and absolute loss of all of your funds, including MKR and other cryptocurrency, tokens or digital assets.

herein. The most current version of these Terms will be posted on the Site with the "Last Revised" date at the top of the Terms changed. Any changes or modifications will be effective immediately upon posting the revisions to the Site. You shall be responsible for reviewing and becoming familiar with any such modifications. You waive any right you may have to receive specific notice of such changes or modifications. Use of the Service by you after any modification to the Terms constitutes your acceptance of the Terms as modified. If you do not agree to the Terms in effect when you access or use the Service, you must stop using the Service.

3. Eligibility

You hereby represent and warrant that you are fully able and competent to enter into the terms, conditions, obligations, affirmations, representations and warranties set forth in these Terms and to abide by and comply with these Terms. The Dai System and Software and Voting Contracts are global and by accessing the Content or Service, you are representing and warranting that you are of the legal age of majority in your jurisdiction as is required to access such Service and Content and enter into arrangements as provided by the Service. You further represent that you are otherwise legally permitted to use the service in your jurisdiction including owning cryptographic tokens of value and interacting with the Service or Content in any way. You further represent you are responsible for ensuring compliance with the laws of your jurisdiction and acknowledge that MakerDAO or any of the MakerDAO Volunteers (as defined below) is not liable for your compliance with such laws. Finally, you represent and warrant that you will not use the Service for any illegal activity.

4. Representations, Warranties, and Risks

4.1. No Representation or Warranty.

You expressly understand and agree that your use of the Service is at your sole risk. (A) ALL PERSONS, ENTITIES, AGENTS, AND VOLUNTEERS INVOLVED WITH THE CREATION OF THE OPEN SOURCE OPEN SOURCE SOFTWARE, INCLUDING, WITHOUT LIMITATION, THE VOTING CONTRACTS DISPLAYED THROUGH THE SERVICE MAKE AND EXPRESSLY DISCLAIM ALL REPRESENTATIONS AND WARRANTIES, EXPRESS, IMPLIED OR STATUTORY; AND (B) WITH RESPECT TO OPEN SOURCE SOFTWARE, THE DAI SYSTEM AND SOFTWARE, VOTING CONTRACTS, DAI TOKENS AND MKR TOKENS, THE MAKERDAO VOLUNTEERS AND ALL RELATED ENTITIES AND AGENTS SPECIFICALLY DO NOT REPRESENT, WARRANT AND EXPRESSLY DISCLAIM ANY REPRESENTATION OR WARRANTY, EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION, ANY REPRESENTATIONS OR WARRANTIES OF

MAKERDAO VOLUNTEERS OR ANY RELATED ENTITIES OR AGENTS DO NOT REPRESENT OR WARRANT THAT THE SERVICE AND ANY RELATED INFORMATION ARE ACCURATE, COMPLETE, RELIABLE, CURRENT OR ERROR-FREE.

4.2. Disclaimer of Fiduciary Duties

TO THE FULLEST EXTENT PERMITTED BY LAW AND NOTWITHSTANDING ANY OTHER PROVISION OF THIS AGREEMENT OR ANY OTHER AGREEMENT CONTEMPLATED HEREIN OR APPLICABLE PROVISIONS OF LAW OR EQUITY OR OTHERWISE, THE PARTIES HERETO HEREBY AGREE TO ELIMINATE ANY AND ALL FIDUCIARY DUTIES THE MAKERDAO VOLUNTEERS OR ANY RELATED ENTITIES AND AGENTS MAY HAVE TO YOU, OR YOUR AGENTS, AND AFFILIATES, OR THE END USERS OF THE SERVICE, THE SITE OR ITS CONTENT, PROVIDED THAT SUCH EXCLUSION OR LIMITATION OF LIABILITY SHALL NOT EXTEND TO MISAPPROPRIATION OF YOUR ASSETS OR FUNDS, SITE OR CONTENT PROVIDED BY THE MAKERDAO VOLUNTEERS OR ANY RELATED ENTITIES AND AGENTS OR OTHER ACTS OR OMISSIONS THAT CONSTITUTE A BAD FAITH VIOLATION OF THE IMPLIED CONTRACTUAL COVENANT OF GOOD FAITH AND FAIR DEALING.

4.3 Sophistication and Risk of Cryptographic Systems

By utilizing the Service or interacting with the Content in any way, you represent that you understand the inherent risks associated with cryptographic systems; and warrant that you have an understanding of the usage, intricacies, and difficulties of using native cryptographic tokens, such as Ether (ETH), Bitcoin (BTC), Maker (MKR), smart contract based-tokens such as those that follow the Ethereum Token Standard (<https://github.com/ethereum/EIPs/issues/20>), and blockchain-based software systems. In general, the underlying software for blockchain networks is open source such that anyone can use, copy, modify, and distribute it. By using the Service, you acknowledge and agree (i) that MakerDAO Volunteers or any related entities are not responsible for operation of the underlying software and networks that there exists no guarantee of functionality, security, or availability of such software and networks; and (ii) that the underlying protocols are subject to sudden changes in operating rules (known as "Forks"), and that such Forks may materially affect the Dai System and Software and the Voting Contracts. It might be discretionarily decided not to support (or cease supporting) the Forked network entirely. You acknowledge and agree that MakerDAO volunteers assume absolutely no responsibility whatsoever in respect of any underlying software protocols, whether Forked or not.

4.4 Risk of Regulatory Actions in One or More Jurisdictions

access or use the Service or Ethereum blockchain, including access to your funds, including your MKR tokens.

4.5 Risk of Weaknesses or Exploits in the Field of Cryptography

You acknowledge and understand that Cryptography is a progressing field. Advances in code cracking or technical advances such as the development of quantum computers may present risks to cryptocurrencies and Service or Content, which could result in the theft or loss of your cryptographic tokens (including MKR tokens) or property. To the extent possible, it is intended to update the protocol underlying the Service to account for any advances in cryptography and to incorporate additional security measures, but does not guarantee or otherwise represent full security of the system. By using the Service or accessing Content, you acknowledge these inherent risks.

4.6 Volatility of Cryptocurrency

You understand that Ethereum and other blockchain technologies and associated currencies or tokens, including MKR tokens, are highly volatile due to many factors including but not limited to adoption, speculation, technology and security risks. You also acknowledge that the cost of transacting on such technologies is variable and may increase at any time causing impact to any activities taking place on the Ethereum blockchain. You acknowledge these risks and represent that MakerDAO Volunteers or any related entity or person cannot be held liable for such fluctuations or increased costs.

4.7 Application Security

You acknowledge that the Dai System and Software as well as Voting Contracts are subject to flaws and acknowledge that you are solely responsible for evaluating any code provided by the Services or Content. This warning and others later provided by MakerDAO Volunteers in no way evidence or represent an ongoing duty to alert you to all of the potential risks of utilizing the Service or Content.

4.8 Website Accuracy

Although it is intended to provide accurate and timely information on the Site and other tools making up the Dai System and Software, the Site (including, without limitation, the Content) or relevant tools may not always be entirely accurate, complete or current and may also include technical inaccuracies or typographical errors. In an effort to continue to provide you with as

information contained on the Site or relevant tools are your sole responsibility and MakerDAO volunteers shall have no liability for such decisions. Links to third-party materials (including without limitation websites) may be provided as a convenience but are not controlled by any entity. You acknowledge and agree that we are not responsible for any aspect of the information, content, or services contained in any third-party materials or on any third party sites accessible or linked to the Site or available via other relevant tools.

4.9 Technical Knowledge

Any use or interaction with the Dai System and Software as well as Voting Contracts requires a comprehensive understanding of applied cryptography and computer science in order to appreciate inherent risks, including those listed above. You represent and warrant that you possess relevant knowledge and skills.

4.10 Voting in Cryptographic Systems

You acknowledge and understand that voting based on smart contracts, blockchains and cryptographic systems in general, including the so-called on-chain voting, is a new and progressing field. Any of the risks mentioned above may result in the theft or loss of your cryptographic tokens (including MKR tokens) or property and also in various inaccuracies regarding votes you aimed to cast, including your vote not being casted at all or casted in an unintended way. For more information about some of the dangers and pitfalls associated with blockchain based voting systems please refer to the following <http://hackingdistributed.com/2018/07/02/on-chain-vote-buying/>

12. Arbitration and Class Action Waiver

12.1 Initial Dispute Resolution

The parties agree shall use their best efforts to engage directly to settle any dispute, claim, question, or disagreement and engage in good faith negotiations which shall be a condition to either party initiating an arbitration.

12.2 Binding Arbitration

If we cannot resolve the dispute through good-faith negotiations, you and we agree that any dispute arising under this Agreement shall be finally settled in binding arbitration, on an individual basis, in accordance with the American Arbitration Association's rules for arbitration of consumer-related disputes (accessible at <https://www.adr.org/sites/default/files/Consumer%20Rules.pdf>) and you and we hereby expressly waive trial by jury and right to participate in a class action lawsuit or class-wide arbitration. The arbitration will be conducted by a single, neutral arbitrator and shall take place in the county or parish in which you reside, or another mutually agreeable location, in the English language. The arbitrator may award any relief that a court of competent jurisdiction could award, including attorneys' fees when authorized by law, and the arbitral decision may be enforced in any court. At your request, hearings may be conducted in person or by telephone and the arbitrator may provide for submitting and determining motions on briefs, without oral hearings. The prevailing party in any action or proceeding to enforce this agreement shall be entitled to costs and attorneys' fees. If the arbitrator(s) or arbitration administrator would impose filing fees or other administrative costs on you, we will reimburse you, upon request, to the extent such fees or costs would exceed those that you would otherwise have to pay if you were proceeding instead in a court. We will also pay additional fees or costs if required to do so by the arbitration administrator's rules or applicable law. Apart from the foregoing, each Party will be responsible for any other fees or costs, such as attorney fees that the Party may incur. If a court decides that any provision of this section 12.2 is invalid or unenforceable, that provision shall be severed and the other parts of this section 12.2 shall still apply. In any case, the remainder of this Agreement will continue to apply.

12.3 Governing law

For any dispute not subject to arbitration you and MakerDAO agree to submit to the personal and exclusive jurisdiction of and venue in the federal and state courts located in New York, New York. You further agree to accept service of process by mail, and hereby waive any and all

These Terms together with the Privacy Policy (and any additional terms, rules and conditions of participation that may be posted on the Service) constitute the entire agreement with respect to the Service and supersedes any prior agreements, oral or written. In the event of a conflict between these Terms and the additional terms, rules and conditions of participation, the latter will prevail over the Terms to the extent of the conflict.

13.2 Waiver and Severability of Terms

The failure of any entity to exercise or enforce any right or provision of the Terms shall not constitute a waiver of such right or provision. If any provision of the Terms is found by an arbitrator or court of competent jurisdiction to be invalid, the parties nevertheless agree that the arbitrator or court should endeavor to give effect to the parties' intentions as reflected in the provision, and the other provisions of the Terms remain in full force and effect.

13.3 Statute of Limitations
